To Whom,

The Saluda Community Land Trust at its December 2022 Board meeting voted unanimously in support of a motion supporting the Saluda Grade Trail project.

The motion read as follows,

“SCLT voices its support for the rails to trails project known as the Saluda Grade Trail project. We encourage the inclusion of the history, culture and arts of Saluda to be a part of the project. We also strongly support the inclusion of existing trails in Saluda to be included in any plans.

Paramount to the planning and implementation of the trail is to preserve Saluda’s rural, unique small - town character. “

SCLT will be actively working to promote the trail among its’ members as well as the residents of Saluda.

On Behalf of the Board,

Gerard Prendergast

Vice Chair
